Dear Dr. Lutton:

I've been a reader of your materials for some time, and hope that we can meet some day. In that connection, I see that you spend your summers in Mecosta County, here in Michigan. The FAIR board is meeting in Petoskey, Michigan the weekend of July 20, and on that Saturday evening at about 6:00 p.m., we're going to have an open house for FAIR members and anyone else interested in the immigration question. Is there any chance that you could come up and join us? That would give us an opportunity to meet, and a chance for you to say hello to the board members, including Governor Lamm and Garrett Hardin.

If it looks like this would be possible, please send me your northern Michigan address, so I can send you any last-minute details. A phone number would also be appreciated.

Cordially,

John H. Tanton, M.D.
